

March 2, 2022

Dear Legislators,

I am writing in reference to S.B No. 184 and H.B. No. 5262.

I support these bills and encourage you to pass these and to continue to consider ways to make voting more accessible to all eligible citizens in Connecticut, including expanding the window of time to vote.

If we are to foster democracy in our state and our country, we must make it possible for people to participate in civic life and this includes greater access to the polls.

Thanking you in advance for doing everything in your power to expand access to voting for all of us here in Connecticut.

Best regards,

Kathleen Voldstad
